Basic English Grammar 4e Student Book with MyEnglishLab, International Edition

2017-01-23

Basic English Grammar is a classic developmental skills text for beginning students of English as a second or foreign language. It uses a grammar-based approach integrated with communicative methodologies to promote the development of all language skills while keeping the same basic approach and materials as in earlier editions. The fourth edition continues to build on the foundation of understanding form and meaning by engaging students in meaningful communication about real actions, real things, and their own lives in classroom context. Several of the new features are information in the grammar charts highlighting differences between spoken and written English, step-by-step writing activities with models for students to follow, innovative warm-up exercises that precede the grammar charts and introduce points to be taught, newly created exercises to give students more incremental grammar practice, structure-based listening exercises that introduce students to relaxed reduced speech.

A Practical English Grammar. 4th edition

1986

A revised and updated edition of the iconic grammar guide for the 21st century. In this expanded and updated edition of Woe is I, former Editor at the New York Times Book Review, Patricia T. O'Connor unties the knottiest grammar tangles with the same insight and humor that have charmed and enlightened readers of previous editions for years with fresh insights into the rights, wrongs, and maybes of English grammar and usage. O'Connor offers in Woe is I down to earth explanations and plain English solutions to the language mysteries that bedevil all of us. Books about English grammar and usage are never content with the status quo. O'Connor writes that's because English is not a stay put language; it's always changing, expanding here, shrinking there, trying on new things, casting off old ones. Time doesn't stand still, and neither does language. In this fourth edition, O'Connor explains how the usage of an array of words has evolved for example the once shunned they them and their for an unknown somebody is now acceptable and the battle between who and whom has just about been won. O'Connor says hint it wasn't by whom then there's the use of taller than me in simple comparisons instead of the ramrod stiff taller than I may and might use to and used to abbreviations that use periods and those that don't and the evolving definition of unique are all explained here by O'Connor. The result is an engaging, up-to-date, and jargon-free guide to every reader's questions about grammar, style, and usage for the 21st century.

clear understandable carefully organized basics of biblical greek grammar by william d mounce is the standard
textbook for colleges and seminaries since its initial publication in 1993 its integrated approach has helped more
than 250 000 students learn new testament greek the fourth edition of basics of biblical greek grammar has been
updated throughout based on continuing feedback from professors students self learners and homeschoolers
making it even more effective for today s students as well improvements have been made based on recent
developments in scholarship the key to the effectiveness of basics of biblical greek grammar in helping students
learn is in how it introduces them to the language students learn about the features of the greek language in a
logical order with each lesson building upon the one before it unnecessary obstacles that discourage students and
hinder progress are removed such as rote memorization of endless verbal paradigms instead students receive
encouragement along the way to assure them they are making the necessary progress as well detailed discussions
are included at key junctures to help students grasp important concepts by the time students have worked their
way through basics of biblical greek grammar they will have learned the greek alphabet vocabulary for words
occurring 50 times or more in the greek new testament the greek noun system the greek verbal system including
indicative and nonindicative verbs and participles a robust suite of learning aids is available for purchase to be
used alongside the textbook to help students excel in their studies these include a workbook video lectures for
each chapter featuring the author flashcards keyed to vocabulary in each chapter a laminated quick study sheet
with key concepts and audio of the vocabulary for each chapter to aid in acquisition
